Veterans Credit Evaluation

As required by the VA, this statement must be signed by the student before it can be processed.

I request a change of program or place of training as certified. (VA forms 22-1995 or 22-5495)
Student Signature ________________________________ Date ______________

Name:_________________________________________ Student #: ______________

Degree: BA BS Master’s Other ______________________

Major: ___________________________ Specific Track: _______________________

Department: ___________________________ College/School: __________________

To be completed by the advisor

To the Advisor: The Department of Veterans Affairs (VA) requires that students submit an evaluation of credits when they are admitted into a department or when they accumulate 90 or more credits. Students in this category must submit a credit evaluation for their intended major, and have a viable plan for entering and completing that major. When they change their major, they must submit a new credit evaluation.

Please review the veteran’s academic record carefully since the provisions of Title 38, US Code (GI Bill) require accuracy in reporting to meet the VA’s requirements and to protect the UW from liability.

Total number of credits required for this degree: _______________
(Generally 180 credits for undergraduates; 45 or more for graduate program)

As of the beginning of ____________ quarter, how many more credits does the student need to earn this degree? _______________
(Please include credits needed to fulfill general, elective, and major requirements)

Signature of adviser ________________________________ Date ______________
