2019-2020 REVISION REQUEST
REGARDING A MARITAL UPDATE OF A DEPENDENT STUDENT

This form is used to inform the financial aid office that you (the student) originally filed your financial aid application with parent data but have now become married since filing your original financial aid application. We will review the information provided to determine if using your new spouse's information is appropriate for determining your eligibility for financial aid funds instead of your parent's information.

To complete the form, use the most accurate information you have available to you today. Be sure to respond to all appropriate questions. We are not able to accept blank as an answer. If the answer is zero or does not apply, please indicate this by using either ‘0’ or N/A. Incomplete forms will be returned to you for clarification.

Please keep in mind that financial aid funds are limited. In some cases we may be able to approve your revision, but unable to offer you more aid. Generally, increases in eligibility are met with Federal Direct Stafford Loan (subsidized and unsubsidized).

Processing times will vary. During peak processing times (March – September), it may take up to several weeks to review this revision request. You will be sent a notice when the revision request has been reviewed. Your patience is appreciated in allowing us the necessary time to devote to your concern.
